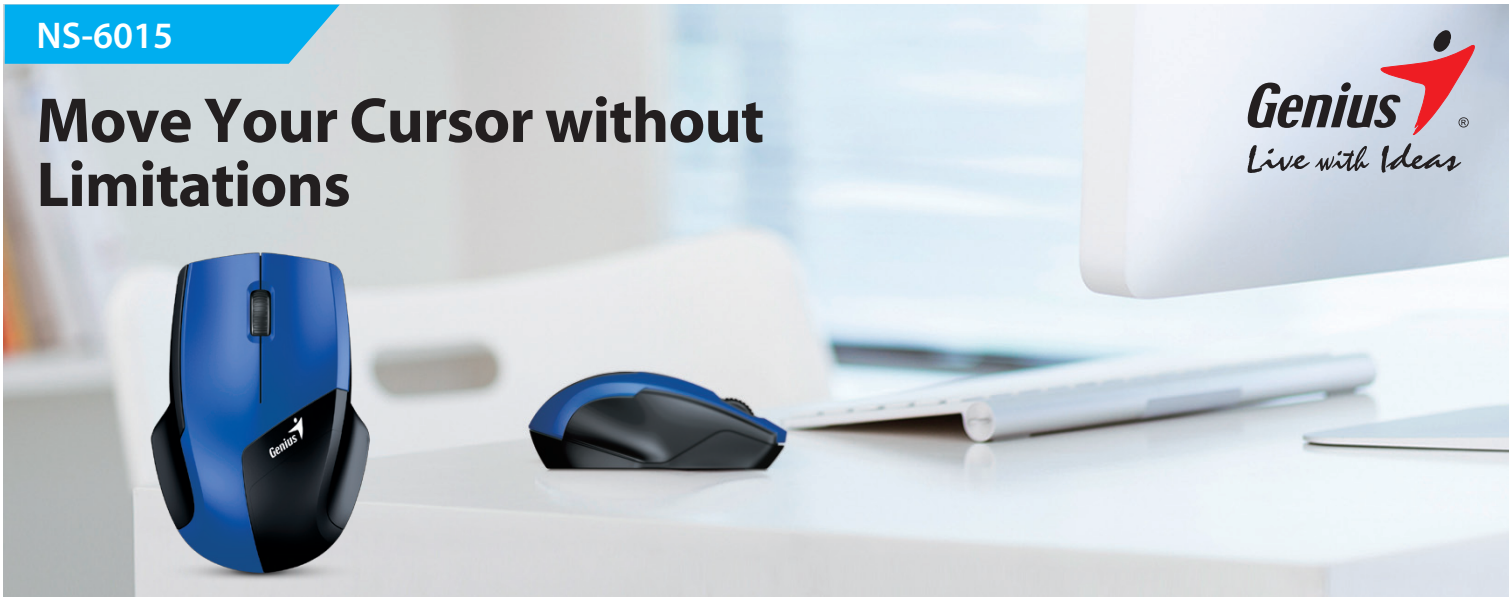
NS-6015

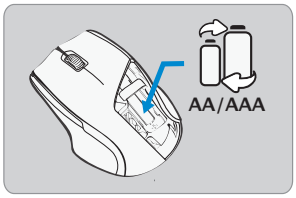
Move Your Cursor without Limitations



Enjoy precise control and wireless convenience with the NS-6015 BlueEye mouse. With the BlueEye sensor technology, you can use the mouse on a variety of surfaces with the same precise control. Forget about your laptop's touchpad, just plug the Pico receiver in the USB port and you are ready to enjoy unbelievable comfort cable free. NS-6015 fits your on-the-go lifestyle and is the ideal companion for your PC and laptop.

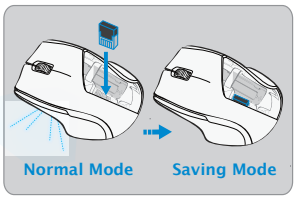
Track on almost any surface

The powerful BlueEye tracking sensor can work on various surfaces, such as dusted glass, marble, carpet, or a sofa.



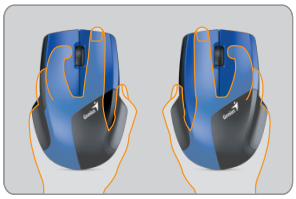
Use either AA or AAA battery

With the innovative battery compartment design, you can either use an AA or AAA battery, the choice is easy.



2.4GHz wireless connection

2.4Ghz wireless technology delivers a reliable connection without interference when using NS-6015 with a notebook or desktop computer.



Great for either hand

The contoured shape is suitable for either hand, the curved sides give your hand the support you need for all-day comfort

Pico receiver storage featuring power saving mode

You can store the Pico receiver in the bottom of the NS-6015. While the receiver is stored, the mouse power will turn off automatically to extend battery life.
